We plan our day with individual chess training
and kids challenging each other on the ladder
(trying to reach as high as possible in their
category). After a lecture on two middle game
themes a day the kids begin their work sheets
(on the 16 middle game themes at three
different levels). We break for sports in Central
Park and the younger kids are trained to throw
a ball across the volleyball net. Counselors and
kids against coaches! Basketball and Soccer
individualized training begins and a child is
allowed to choose their sport once we are on
the reserved field.

Frisbee and free play before the big soccer
game where all coaches, counselors and kids
play. A baseball game is started and continues
each week. When we return everyone including
the coaches, and counselors are playing a
serious tournament game and each game is
recorded and played with a clock and analyzed
by our coaches on staff. Bug house and team
chess are played and strategy games like Risk
take over. A big trophy is awarded to each child
according to the effort put into Chess and Sports.

Please send in your child's lunch each day – we
serve juices, water, lemonade, fruits and snacks
each day.

Your child should bring a rain jacket with a back
pack and their baseball mitt. Also bring a clock and
scorebook if you have one. All items should be
labeled.
