About the Program: Our chess program uses an interactive and hands-on approach for kids to learn chess with fun and engaging activities. Our activities include chess instruction and lessons, a Chess Lab which includes worksheets, problem solving, and more tactics. Kids will also participate in class tournament games with notation and clocks making this an exciting and rewarding experience. Kids will love learning chess with these fun and effective strategies.

Meals: Children must bring their own lunch. Snacks will be provided. Please be sure to indicate any allergies and health concerns on your enrollment form.
